

ORGANICS REDUCTION AND RECYCLING LAW (SB 1383) IS NOW IN EFFECT

Beginning January 1, 2022, California's Senate Bill (SB) 1383 requires all businesses to:

- Subscribe to recycle and compost collection services.*
Recycle and compost collection services cost 40% less than comparable landfill collection service in Union City!
- Place color-coded and labeled recycle and compost containers next to indoor landfill containers.
- Ensure materials are sorted into the correct container through periodic inspections and education.
- Inform tenants no later than 14 days after move-in and at least 14 days prior to move-out about SB 1383 requirements.

Additionally, certain businesses that generate surplus edible food must recover and donate it to a food recovery organization.

This law aims to keep food and other compostable materials out of landfills to reduce greenhouse gas emissions that contribute to climate change.

Learn more about SB 1383 requirements at UnionCity.org/SB1383.

*Businesses that have an approved waiver or certification of alternative service are exempt from this law. Learn about waiver qualifications and apply at StopWaste.org/Rules-Waivers. Learn about and apply for a certification of alternative recycle service at StopWaste.org/Rules-CRS.

COMPLIANCE MADE SIMPLE

We're here to help! Not sure if your property is SB 1383 compliant? Dedicated recycling coordinators are available to help your business start or improve its recycle and/or compost program or apply for a waiver. At no additional charge, your recycling coordinator can also:

- Conduct an on-site waste assessment to determine optimal service levels for your site.
- Conduct employee trainings.
- Deliver educational materials such as posters and decals.

Call **Republic Services** at **510.657.3500** and ask to speak with a recycling coordinator for free technical assistance today!

Republic Services and Tri-CED Community Recycling are the providers of recycle, compost, and landfill collection services for the City of Union City. We're proud to partner with the City and work with you as a team to reduce waste, conserve natural resources, achieve State and local mandated recycling goals, and keep Union City beautiful and clean.

This Services Guide explains what materials are recyclable and compostable and includes information on a variety of service options to meet your collection needs. Please take a moment to review this Guide to learn how to properly sort materials and reduce waste.

We thank you for your efforts!

UNION CITY COMMERCIAL SERVICES GUIDE

CONSTRUCTION & DEMOLITION DEBRIS RECYCLING

The City of Union requires construction and demolition (C&D) projects subject to the C&D Recycling Ordinance to recycle at least 65% of the local C&D debris generated by a project and 100% of all Portland cement, concrete, asphalt concrete, non-contaminated soils, land-clearing debris, and plant debris. Additionally, C&D project applicants must submit a Waste Management Plan online through Green Halo Systems. Visit UnionCity.org/CD-Recycling to learn more about C&D requirements and how to comply.

IT IS ILLEGAL TO PLACE HAZARDOUS WASTE IN ANY BIN OR CART

For more information on the proper disposal of business hazardous waste, please call the Alameda County Small Business Hazardous Waste Program at **800.606.6606** or visit StopWaste.org/HHW.

! REUSE, SELL, OR DONATE BEFORE DISPOSING
If unwanted items are still in good condition, choose to reuse, sell, or donate. If these items are in poor condition, place them in the Landfill Cart. For additional reuse, repair, and recycling options, visit Resource.StopWaste.org

Republic Services and Tri-CED Community Recycling offer wheeled carts, bins (1 to 8 cubic yards), and debris boxes (6 to 40 cubic yards) to meet your waste collection needs. We may also be able to assist you with the procurement of a compactor or other necessary equipment.

Additionally, dedicated recycling coordinators are available to help your business right-size its collection program through a free waste assessment and to conduct recycling training and provide educational materials such as posters and decals at no additional cost.

Call **Republic Services** at **510.657.3500** for free technical assistance and more information.

Is Your Business Committed to Long-Term Sustainability?

Before purchasing or disposing materials, consider how you can reduce the amount of waste that is generated in the first place by reusing, repairing, and donating. Establishing eco-friendly policies and practices that encourage waste prevention and proper recycling can help your business lower operating costs, increase efficiency, and conserve natural resources. For free business waste prevention and recycling tips and resources, visit StopWaste.org.
