

BAMBE

Bay Area Multifamily Building Enhancements

Access rebates for installing energy-saving equipment in your multifamily property

SAVE MONEY on utility bills and **REDUCE** maintenance costs

MODERNIZE outdated equipment with the latest, most efficient systems

IMPROVE resident safety, comfort and indoor air quality

ACCESS other local, state, and federal incentives

\$500-\$6,000+ Per Unit Rebates

Receive rebates for upgrades designed to reduce energy use by at least of 10%. Eligible upgrades include, but are not limited to:

- Heat pump systems for water heating and/or dual space heating and cooling
- Windows and insulation
- LED lighting
- In-unit and common area appliances

No-Cost Energy Consulting

Eligible projects receive free technical assistance from an expert advisor who will:

- Listen to your specific needs and priorities
- Conduct an on-site energy assessment and recommend a custom package of upgrades with estimated savings
- Connect you with contractors, financing, and additional incentive programs
- Guide you through the entire process

Who's Eligible

Existing buildings with 5 or more dwelling units that are located in the nine-county Bay Area and receive PG&E service. Building upgrades that are already in progress or have been completed are **not eligible** for rebates.

BAYREN

BAMBE is Here to Help You Upgrade and Save

HOW IT WORKS

Base Rebate

\$500 per unit

Must install 2 or more building-wide energy upgrades designed to reduce energy usage by at least 10%.

Electrification Rebates

Receive additional rebates by replacing existing gas-powered equipment with efficient electric alternatives.

EXAMPLES INCLUDE:

Central heat pump system (HVAC or water heating)	\$1000/unit served
In-unit heat pump system (HVAC or water heating)	\$1500/unit served
Electrical subpanel upgrades	\$1000/unit served

Visit www.BayREN.org/BAMBE for full incentive list

Community Rebates

Available to properties located in select high-priority communities most impacted by air pollution, extreme heat and high housing costs.

RESILIENCE

Select upgrades that improve units' resilience to extreme heat \$500/unit

HEALTH

Select upgrades that improve indoor air quality \$500/unit

HOUSING BURDEN*

Multiply ALL other program rebates by up to 2x AND up to \$500 reimbursable per unit for select in-unit appliances

** In addition to geographic eligibility, property must also be built before 2010 with less than 50 units OR be a deed-restricted affordable property*

Work with your technical advisor to maximize your site-specific rebates.

The Bay Area Regional Energy Network (BayREN) is a collaboration of the nine counties that make up the San Francisco Bay Area. Led by the Association of Bay Area Governments (ABAG), BayREN provides regional-scale energy efficiency programs, services, and resources. BayREN is funded by utility ratepayer funds through the California Public Utilities Commission, as well as other sources, drawing on the expertise, knowledge, and proven track record of Bay Area local governments. Program participation is limited and based on funding availability.
