# See if your new home sips or guzzles energy.

**Home Energy Score** tells you how energy efficient your home is compared to other homes. On a straightforward 1 to 10 scale, you'll learn how much energy a home like yours is expected to use.

## Home Energy Score Details:

A Home Energy Score Assessor will collect information during a home walk-through and score your home on a scale of 1 to 10.

You'll also receive a prioritized list of ways to make it more efficient and more comfortable. Recommendations may include:

- Updated Hot Water Heater
- Duct Repair
- Updated Central AC
- Attic or Wall Insulation
- Air Sealing
- or Heating Equipment

## Get started today!

Home Energy Score is a program of the U.S. Department of Energy. StopWaste is a Home Energy Score partner serving the San Francisco Bay Area in collaboration with the Bay Area Regional Energy Network (BayREN).
