About Pleasanton

Pleasanton is a major suburb identified by the U.S. Census as one of the wealthiest middle-sized cities in the nation and was included on *Money Magazine's* list of the '50 Best Cities to Live 2014' and on *24/7 Wall Street's* list of 'America's 50 Best Cities to Live'. Pleasanton ranked #31 on Money's annual list of the Best Places to Live, and #9 on the publication's list of the Top Earning Towns in the nation. The rankings were determined on the basis of variables such as crime, education, employment growth, recreation, infrastructure, environment and housing affordability.

Live & Play in Pleasanton

- Pleasanton's highly educated population and workforce reflect a community that values education and actively supports a preeminent school system which ranks among the Top 10 in California.
- More than 1,200 acres of surrounding parks, [open space and trails](#) offer spectacular vistas and abundant recreational opportunities.
- [Downtown Pleasanton](#) is a charming historic destination with a mix of unique shops, services and restaurants while nearby Stoneridge mall features more than 165 specialty stores and restaurants.
- There are over [220 dining establishments](#) in our community sure to satisfy varying tastes from cafes, dessert shops, pizza to fine dining.
- Pleasanton is enlivened by events like a free summer concert series, festivals and parades along Main Street, a weekly year-round farmers market, stunning [Callippe golf course](#), and an intimate [performing and visual arts center](#).

CITY COUNCIL OF THE CITY OF PLEASANTON

ALAMEDA COUNTY, ALAMEDA

ORDINANCE NO. 1873

**AN ORDINANCE ADDING CHAPTER 17.50 TO THE PLEASANTON
MUNICIPAL CODE**

THE CITY COUNCIL OF THE CITY OF PLEASANTON DOES HEREBY ORDAIN
AS FOLLOWS:

Section 1: The Pleasanton Municipal Code is hereby amended to add Chapter 17.50 to Title 17, Planning and Related Matters, which is to read as follows:

“Chapter 17.50 Commercial And Civic Green Building Ordinance”

CITY COUNCIL OF THE CITY OF PLEASANTON

ALAMEDA COUNTY, CALIFORNIA

ORDINANCE NO. 1934

**AN ORDINANCE OF THE CITY OF PLEASANTON AMENDING
CHAPTER 17.50 (COMMERCIAL AND CIVIC GREEN BUILDING)
OF THE PLEASANTON MUNICIPAL CODE TO INCORPORATE
“GREEN BUILDING MEASURES” FOR NEW RESIDENTIAL
DEVELOPMENT PROJECTS**

WHEREAS, at its meeting of March 8, 2006, the Planning Commission recommended that the City Council amend Chapter 17.50 (Commercial and Civic Green Building) to incorporate “green building measures” for new residential development projects; and

k. "Covered Project" means: (1) Construction of any City-Sponsored Project; (2) Construction of any Commercial Project that includes 20,000 gross square feet or more of Conditioned Space; (3) Renovation of any Commercial Project or City-Sponsored Project that adds 20,000 gross square feet or more of additional Conditioned Space, but not a Renovation project that consists solely of interior improvements to an existing Building; (4) Construction of any Single-Family Residential Project that is 2,000 square feet or more in size; (5) Construction of any Multi-Family Residential Project; (6) Construction of any Mixed-Use Project; (7) Additions to Residential Projects where the addition is 2,000 square feet or greater; or (8) Additions of any size to Residential Projects where the Residential Project was less than 2,000 square feet when built and it has been less than five years from the date the certificate of occupancy was issued. Covered projects do not include Historic Buildings or privately-owned commercial or mixed-use Buildings within the boundaries of the Downtown Specific Plan (adopted March 5, 2002).

XXVII. MATERIAL RESOURCE EFFICIENCY: CONSTRUCTION WASTE REDUCTION & RECYCLING					
183	Minimize job site waste by using materials wisely and prohibit burying construction waste, recycle job site waste (>50%) by either onsite grinding of materials or utilizing a waste hauler <small>More Information</small>	6	<input checked="" type="checkbox"/>	Builder letter	
184	Built-in recycling center with two or more bins <small>More Information</small>	3	<input type="checkbox"/>		
XXVIII. RESOURCE CONSERVATION: WATER * Required Category - Must Select at Least One Option					
185	Clothes washer is an ENERGY STAR® labeled product <small>More Information</small> <input type="checkbox"/> Also meets Consortium for Energy Efficiency Tier 3B with a water factor of less than 6.0 (+3)	5	<input type="checkbox"/>	Label	
186	On-demand hot water delivery system installed at farthest location from water heater <small>More Information</small>	4	<input type="checkbox"/>		
187	Bathroom faucets fitted with aerator restricting flow to 1.8 gpm or less <small>More Information</small>	1	<input type="checkbox"/>		
188	Kitchen faucet fitted with aerator restricting flow to 2.0 gpm <small>More Information</small>	1	<input type="checkbox"/>		
189	Dual-flush, pressure or vacuum assist toilet averaging 1.1 gpf that have a performance factor greater than > 400 grams/flush. Reference standard to be MAP test installed in one bathroom (add 3 additional points for each additional installed) <small>More Information</small> <input type="radio"/> 1 Eligible Toilet (3) <input type="radio"/> 2 Eligible Toilets (6) <input type="radio"/> 3 Eligible Toilets (9) <input type="radio"/> 4 Eligible Toilets (12) <input type="radio"/> 5 Eligible Toilets (15)	Varies	<input type="checkbox"/>		
190	1.6 GPF toilets that have a performance factor greater than > 400 grams/flush, (add 2 additional points for each additional installed) <small>More Information</small> <input type="radio"/> 1 Eligible Toilet (2) <input type="radio"/> 2 Eligible Toilets (4) <input type="radio"/> 3 Eligible Toilets (6) <input type="radio"/> 4 Eligible Toilets (8) <input type="radio"/> 5 Eligible Toilets (10)	Varies	<input type="checkbox"/>		
191	Showerheads installed are low-flow (less than 2.5 gpm); alternative is a "venturi"-type valve. (add 1 additional point for each additional installed) <small>More Information</small> <input type="radio"/> 1 Eligible Shower Head (1) <input type="radio"/> 2 Eligible Shower Heads (2) <input type="radio"/> 3 Eligible Shower Heads (3) <input type="radio"/> 4 Eligible Shower Heads (4) <input type="radio"/> 5 Eligible Shower Heads (5)	Varies	<input type="checkbox"/>		
192	Installed irrigation system includes a soil moisture or rain sensor, or other irrigation efficiency device, including evapo-transpiration (ET) controllers. Installed irrigation controllers must allow flexible programming to adjust watering schedules to the needs of plant types. One additional point is rewarded if the device features "real-time" feedback. <small>More Information</small> <input type="checkbox"/> Device features "real-time" feedback (+1)	4	<input type="checkbox"/>	Landscaper Letter	
193	Install at least three cubic yards of soil amendment per 1000 square feet of installed landscape area, based on soil analysis. Amendment must be tilled 4-6" below the surface	5	<input type="checkbox"/>	Invoice	

d. Compliance Documentation: Documentation shall be provided as described below:

(1) Prior to final building approval and/or issuance of a final certificate of occupancy for any Covered Commercial, City-Sponsored, Single-Family Residential, Multi-Family Residential, or Mixed-Use Project: The Applicant shall submit to the Green Building Compliance Official:

- (a) documentation that verifies incorporation of the design and construction related credits from the Pre-Permitting Documentation for the Covered Project; and,
- (b) a letter from the project architect or project contractor that certifies that the Covered Project has been constructed in accordance with the approved Green Building Project Checklist.

ORDINANCE NO. 1992

AN ORDINANCE ADDING CHAPTER 9.21 TO THE PLEASANTON MUNICIPAL CODE REGARDING CONSTRUCTION AND DEMOLITION DEBRIS

WHEREAS, the State of California requires each local jurisdiction in the state divert 50 percent of discarded materials from landfills from the base year (1990) to December 31, 2000, and thereafter maintain or exceed that diversion rate; and

WHEREAS, by 2010, the voters of Alameda County, through the Waste Reduction and Recycling Act of 1990 (Measure D), have adopted a policy goal to reduce the total tonnage of materials generated in Alameda County and placed in landfills by 75 percent; and

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLEASANTON DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. The Pleasanton Municipal Code is hereby amended to add a new Chapter 9.21 as follows:

Chapter 9.21 Construction and Demolition Debris

Construction and Demolition Debris Recycling Requirements

Effective January 1, 2010

Before obtaining a building permit for a residential or commercial project with a total value of \$125,000 or more, or a demolition permit with a total value of \$25,000 or more, applicants must submit a Waste Management Plan (WMP).

For questions regarding construction debris recycling requirements, please contact the City of Pleasanton Building and Safety Division at 925-931-5300.

Address: _____

Permit Number: _____

Waste Composition and Diversion Table

Applicant Signature:				Contractor Signature:		

Notes:

1. Columns A & B: Use tons to quantify the total estimated debris and recyclable materials, either from the conversion worksheet or previous experience.
2. Column D & E: Must provide receipts from hauler and/or recycler.
3. Columns C and F: Asphalt/Concrete diversion must be a minimum of 90%; All other materials 50%.
4. If unavailable for columns A & B, please place checkmark on anticipated items.
5. By signing above, I hereby certify that the information reported is complete and accurate to the best of my knowledge.

Staff Note: After approval of the WMP, fax to Pleasanton Garbage Service at (925) 846 9323.

Pleasanton Garbage Service

Serving residential and commercial locations in Pleasanton, CA

3110 Busch Road, Pleasanton, CA 94566-8430

(925) 846-2042 office, (925) 846 9323 fax

Alternate Recycling Hauler or Facility Authorization

This form is only to be used if the Pleasanton Garbage Service has authorized another agency to bring container bins to your project.

The Pleasanton Garbage Service has reviewed this Waste Management Plan, and authorizes the applicant to use an alternate hauler or facility to process the following materials:

Prepared by: _____

(Name)

Date: _____

(Title)

Signature: _____

PGS STAMP:

This form must be completely filled in and submitted with all other plans and documentation to the Building and Safety Division. Contact the Building & Safety Division at 925-931-5300 for building permit submittal requirements.

SAVE YOUR TAGS – Save tags and records which you receive from PGS and/or third parties for refuse disposal and/or removal of recyclable materials, to which you have sold recyclable material for fair market value. These tags and records will be needed to verify that you have complied with this plan.

All new buildings, all building permits with a valuation of \$125,000 or more, and all demolition permits with a valuation of \$25,000 or more are required to track their construction and demolition debris with an approved Waste Management Plan (WMP). The WMP must be approved before any inspection may be scheduled, and the plan must be completed and approved before a final inspection may be scheduled.

The City of Pleasanton Building Division tracks compliance with our sustainability initiatives and the California Green Building Code by utilizing Green Halo Systems for all our Waste Management Plans. Green Halo Systems is a fully integrated web based management system that provides the necessary tools for contractors, recyclers and other businesses to transparently comply with these requirements at no charge.

This online software resource allows you to upload weight tickets and pictures, and follow projects in real time with precision and accountability, again at no cost to you. The system is simple, intuitive and designed to save you time and money in this process. The construction and demolition requirements for the City of Pleasanton are pre-loaded to help you deliver a compliant report every time.

Please contact the City of Pleasanton Building Division at (925) 931-5300, buildingdivision@cityofpleasantonca.gov, or Green Halo Systems, (888) 525-1301 for additional information and get started!

First, go to:

<http://www.greenhalosystems.com>

1. Create (or login to) your account to start a new project
2. Enter project information
3. Select & estimate materials
4. Select Haulers*
5. Select closest Recycling Centers
6. Submit your plan for approval

*The City of Pleasanton franchise agreement has limitations regarding hauling and on-site debris boxes

Then upload copies of your recycling tickets and pictures of salvaged/reused materials online to track your project compliance real time!

Finally, submit your completed plan in Green Halo for review. The City will validate your compliance, and then you may schedule the final inspection!

Franchise Information

Enter the city's franchise terms and conditions. The contractor will be required to agree to the franchise terms and conditions and self haul guidelines before they can submit there plan to the city.

Franchise Agreement

activate franchise agreement

Franchise Agreement

The City of Pleasanton maintains an exclusive refuse and recycling franchise agreement with the Pleasanton Garbage Service (PGS) for the rental and collection of debris containers from all construction sites regardless of the valuation of the project. No other recycling or refuse facility may place collection boxes on any site within the City of Pleasanton without prior authorization of PGS.

Self Haul Guidelines

This franchise agreement does not restrict the self haul of waste from the site, only the rental and collection of debris containers on site. No firm other than the Pleasanton Garbage Service (PGS) may receive compensation for hauling debris from a construction site other than the property owner, contractors or sub-contractors working at the site hauling their own construction or demolition debris.

Franchise Materials

Identify any and all Materials exclusive to the Franchise Provider.
