

DEBRIS RECOVERY PLAN Pre-Demolition/ Pre-Construction

Project Address: _____ City, Zip: _____

Date: _____ Contractor: _____

Contact: _____ Title: _____

Phone: _____ Email: _____

Project Type: ___ SF Residential-New ___ SF Residential-Remodel ___ Commercial-New ___ Commercial-TI ___ Multifamily

Specify whether materials will be reused, recycled or disposed by completing the table below. You must recycle at least 50% of all waste generated. Check the designated box and provide the name of each facility or service provider to be used. If the materials are to be reused on site, describe under the facilities/service providers column. For example, wood waste chipped on site for mulch in plant beds. Salvaged materials from deconstruction should be designated as reuse.

Material	Reuse	Recycle	Dispose	Facility/Service Provider to be used*
Asphalt				
Brick				
Cardboard				
Carpet				
Concrete				
Dirt/Clean Fill				
Dry Wall				
Metal				
Pallets				
Plant Debris				
Plastics				
Roofing – asphalt composition shingle, tile, wood shake, tar or gravel				
Wood - clean				
Wood - treated				
Other				
Other

DEBRIS RECOVERY STATEMENT – Post Demolition/Construction

Project Address: _____ City, Zip: _____

Date: _____ Contractor: _____

Contact: _____ Title: _____

Phone: _____ Email: _____

Project Type: ___ SF Residential-New ___ SF Residential-Remodel ___ Commercial-New ___ Commercial-TI ___ Multifamily

Identify which materials were reused, recycled or disposed by completing the table below. Check the designated box and provide the name of each facility or service provider and weight of materials. If the materials were reused on site, describe the reuse application under the facilities/service providers column. Salvaged materials from deconstruction should be designated as reuse. **Attach copies of receipts, gate tags, or other verifying documentation.**

Material	Reuse	Recycle	Dispose	Facility/Service Provider	Weight (tons)
Asphalt					
Brick					
Cardboard					
Carpet					
Concrete					
Dirt/Clean Fill					
Dry Wall					
Metal					
Pallets					
Plastics					
Plant Debris					
Roofing - asphalt composition shingle, tile, wood shake, tar or gravel					
Wood - clean					
Wood - treated					
Other _____					
Other _____					

MATERIAL GENERATION SYNOPSIS

- A. Total tons of materials generated for the project: _____
- B. Total tons of materials disposed (not recycled): _____
- C. Total tons of materials salvaged, reused, or recycled: _____
- D. Percentage of materials recycled/reused (divide C by A): _____ %
